

Organization Description

Just as our reputation has spread beyond our Minnesota roots, so have our locations. Today, our employees are located at our three major campuses in Phoenix/Scottsdale, Arizona, Jacksonville, Florida, Rochester, Minnesota, and at Mayo Clinic Health System campuses throughout Midwestern communities, and at our international locations. Each Mayo Clinic location is a special place where our employees thrive in both their work and personal lives. Learn more about what each unique Mayo Clinic campus has to offer, and where your best fit is.

As an Affirmative Action and Equal Opportunity Employer Mayo Clinic is committed to creating an inclusive environment that values the diversity of its employees and does not discriminate against any employee or candidate. Women, minorities, veterans, people from the LGBTQ communities and people with disabilities are strongly encouraged to apply to join our teams. Reasonable accommodations to access job openings or to apply for a job are available.

Why Mayo Clinic

Mayo Clinic is top-ranked in more specialties than any other care provider according to U.S. News & World Report. As we work together to put the needs of the patient first, we are also dedicated to our employees, investing in competitive compensation and comprehensive benefit plans – to take care of you and your family, now and in the future. And with continuing education and advancement opportunities at every turn, you can build a long, successful career with Mayo Clinic. You'll thrive in an environment that supports innovation, is committed to ending racism and supporting diversity, equity and inclusion, and provides the resources you need to succeed.

Job Description

Mayo Clinic Health System - Decorah Clinic Physicians seeks a full-time Psychologist to join the Department of Behavioral Health in a multi-specialty medical clinic. The psychologist will consult with medical providers in the primary care clinic and will provide outpatient diagnostic assessments, psychological testing, and evidence-based individual and group-based interventions for children, adolescents and adults. The ideal candidate will have experience in one or more of the following areas: pediatrics, eating disorders, autism spectrum. A minimum of 32 patient contact hours per week is required. There is no call responsibility with this position.

Qualifications

Must have a doctorate (Ph.D. or Psy.D.) from an APA-approved training program and internship, will be eligible for licensure in Iowa. ABPP Board Certification or plans to become ABPP Board Certified within 3 years of start is required.
